

2019 Venture Day

Energy efficiency solutions to lower CO₂ emissions

We have up to USD 50M allocated for promising technologies or business models that reduce CO₂ via increased efficiency in the following value chains: **Energy** - including oil and gas, distribution networks - or **Industrial** - materials, construction and heavy industries.* If you have a solution that can materially reduce CO₂ along the energy or industrial value chains, please apply!

At OGCI Climate Investments we are uniquely positioned to help your business thrive. In addition to capital, we will support you with access to customers and deployment and will collaborate with multiple stakeholders to help you gain speed and global reach.

What is 2019 Venture Day?

- Invitation-only event hosted by OGCI Climate Investments as part of CERAWEEK
- Presentations by a selected shortlist of 10-15 companies seeking investment
- Follow-up discussions and networking reception

Timing

Deadline for applications:
January 31st 2019

Shortlisted companies announcement:
February 15th 2019

2019 Venture Day:
March 11th 2019, Houston TX

Focus Areas within Energy & Industrials

Materials & Resources

System Design & Process Optimization

Automation & Digitization

Distribution Networks

*For the purpose of the 2019 Venture Day, OGCI Climate investments is not considering proposals focused on energy efficiency solutions for the residential sector.

ENERGY EFFICIENCY

Energy efficiency is key to reducing carbon emissions. With the world's growing population and rising economies, energy efficiency can deliver an increased value output while reducing GHG emissions. At OGCI Climate Investments, we decided to focus the 2019 Venture Day on the energy and industrial sectors, accounting for over 75% of global GHG emissions.

Energy

including oil & gas and distribution networks

Industry

including plastics, building & insulation materials, metals and other heavy industries

About OGCI Climate Investments

The Oil and Gas Climate Initiative is a voluntary, CEO-led initiative which aims to lead the industry response to climate change. Launched in 2014, OGCI is currently made up of 13 oil and gas companies that pool expert knowledge and collaborate on action to reduce greenhouse gas emissions. Its \$1B+ investment arm, OGCI Climate Investments, supports the development, deployment and scale up of low emissions technologies.

2019 Venture Day

Energy efficiency solutions to lower CO₂ emissions

AGENDA

10:00 - 10:30	Coffee and Registration
10:30 - 10:40	Welcome – Pratima Rangarajan, CEO, OGCI Climate Investments
10:40 - 11:00	Opening Keynote – Bob Dudley, CEO, BP
11:00 - 11:15	Kick-Off
11:15 - 11:35	Pitch 1 – XL Hybrids
11:35 - 11:55	Pitch 2 – Boston Metal
11:55 - 12:15	Pitch 3 – Liquid Piston
12:15 - 12:35	BREAK
12:35 - 12:55	Pitch 4 – MTPV
12:55 - 13:15	Pitch 5 – Viridis
13:15 - 13:35	Pitch 6 – ThermoLift
13:35 - 14:25	LUNCH
14:25 - 14:55	Interview with Ahmad Al Khowaiter, CTO, Saudi Aramco and Jason Bordoff, Director, Center on Global Energy Policy, Columbia University
14:55 - 15:15	Pitch 7 – Norsepower
15:15 - 15:35	Pitch 8 – Metron
15:35 - 16:00	BREAK
16:00 - 16:20	Pitch 9 – Foghorn
16:20 - 16:40	Pitch 10 – Varentec
16:40 - 17:00	Pitch 11 – 75f
17:00 - 17:20	Closing Remarks – Pratima Rangarajan, CEO, OGCI Climate Investments
17:20 - 18:20	Meet the Companies – Posters and Demos
